APPLICATION OF TARIFF

APPLICATION

- A.) Except as otherwise provided in this tariff, the regulations, rates and charges for Intra state Access Service shall be the same as those filed in the NATIONAL EXCHANGE CARRIERS ASSOCIATION, INC. (NECA) Tariff F.C.C. No. 5 and No. 3 and any revisions to same which may be filed in the future.

In the event that any rate restrictions for intrastate access service contained in the MTA or 2009 PA 182 are amended, repealed, vacated, or otherwise inapplicable or ineffective, the Company reserves the right to adjust its rates in this Tariff in accordance with applicable law.

To the extent that this Tariff refers to a specific provision of a NECA Tariff, such reference is to the NECA Tariff as it existed on the effective date of the sheet in this Tariff that contains said reference. If the referenced provision in a NECA Tariff is revised, renumbered or moved within the referenced NECA Tariff, this Tariff's reference shall be to the provision as revised, moved or renumbered.

- 6.) The following sentences should be added to the end of section 2.3.11(C)(1)(a): (C)

If no order for service has been received for originating and/or terminating usage, the Telephone Company shall set jurisdictional percentages according to section 2.3.11(C). If the customer fails to produce the data within thirty (30) days of the receipt of the notice, the Telephone Company will designate an intrastate percentage of 50% for each service. The factor will be applied to the next billing cycle following the thirty (30) day notice period and will be utilized until the customer provides supporting data that substantiates the requested percentages.

If the Telephone Company finds that the data submitted by the customer does not adequately support the reported percentages, the Telephone Company may assign percentages based on the methodology specified in Section 2.3.11(C). Upon assigning an intrastate percentage of use, the Telephone Company will notify the customer of the change and that it will go into effect on the next billing cycle.
