

SECTION 3 - SERVICE OFFERINGS, CONTINUED.

3.5 Directory Assistance Service

The Company furnishes Directory Assistance Service (DA) for the purpose of aiding subscribers in obtaining telephone numbers of subscribers who are located within the same exchange area as the number the party is calling from.

In order to make allowance for a reasonable need for DA service within the same local exchange area, including numbers not in the directory, directory inaccessibility and other conditions, no charge applies for the first three calls for telephone numbers of subscribers who are located within the same local exchange area of the calling party per month per station access line. The allowance is cumulative for all group billed services furnished on the same premises or as part of the same system within the same exchange.

Charge per call after allowance \$0.95
